A word from Roxie 2

What's Up? 3

It was Saturday at about 4:30 in the afternoon and the parking lot was full (I think I found the ONLY empty parking space). I parked and went in anyway. This is highly abnormal for me, I am not partial to crowds or standing in long lines.

Inside – as the parking lot had indicated there were A LOT of people – never a good thing if you are trying to move quickly

. Everywhere there were story-telling store employees . —There were demonstrations on how to pick and prepare vegetables, use of herbs, lots of healthy recipes, there even was information about beer—along with a bar dispensing locally crafted beer. There were activities for kids, too. There were opportunities to engage everywhere!

The store was packed yet it was possible to get where I needed to go even with a grocery cart. And when it came time to pay for my merchandise, all of the registers were open and had lines of at least four customers, but I was in line for less than ten minutes. There were no bottlenecks—anywhere.

When was the last time you went to the grocery store and had a GREAT TIME? Ordinarily with so much going on there would have been some problems but there were not any. It was like being

at Disney World. So if you want a Disney experience in you own backyard, please visit Lowes Foods in Clemmons. It will be an amazing experience

Don't forget about our new steam cleaner.

For the first quarter (January 1st thru March 31st) we're offering a great special service. With every regular 3 hr. cleaning we include a complimentary 'dust mite by products be gone' mattress-steam cleaning. So if you are a monthly client, you could get three beds taken care of before Spring.

A weekly client?? We'll do 12 beds for you*

*they must all be at the same location as you're regular house cleaning 😊

Cause for Paws

You all know that Roxie is a rescue dog, right? She told you all about it in one of these newsletters. We have always owned rescue dogs—some have been puppies, some have been full grown—all have added immensely to the joy of our family.

The Humane Society of Davie held it's annual fundraiser Feb. 21st and we had intended to highlight that information here—but then realized with the printing and mailing time, the event would be over by the time you received this newsletter—So instead, we want to encourage you to support your local humane society or animal shelter with a generous donation.

You can give time or money or both.

I know our shelter has a list of items it needs and all donation are greatly appreciated.

Roxie & Friends

Steve took me to meet his friend Jeff of **Hire-a - Hubby**, today. It was soooo much fun cause Jeff let me get in his truck. He even let me sit in his seat (Steve never lets me sit in the driver's sit—he says it's cause he doesn't like to be covered with my hair).

Steve says Jeff is a great guy to know especially at this time of year because if cards and candy are not enough to keep Steve 'out of the dog house'----I'm not sure what that means----there are lots of 'honey-do' things Jeff will

take care of. Jeff and his crew do it all from cleaning gutters, to painting, to putting to-gether

Ikeas furniture. The slogan for Hire -a- Hubby is “we do anything around the house you can't do, shouldn't do or just don't want to do” Maybe I could get him to build me a dog house, what do you think??

So get out that list of projects you've been meaning to get to and give Jeff a call---

You can reach
Hire-A- Hubby
at **336-335-4440**

...And as always, don't forget to tell my friend Jeff that Roxie sent you cause you know how I love those 'referral' cookies!
