## Give It One More Try ....

Day after day, year after year, we do the same things. Most of our activities need to be rote or there would be too much for our brains to process. Can you imagine having to take a different route to work each day – just figuring out a new way to get there after a while would be overwhelming. But now and then we need a challenge. We need to shake things up a bit. With that basic thought in mind I decide to re-join Toastmasters®.

I initially joined several years ago when I first started VIP HomeKeeping. I kept hearing how important it was to be able to communicate effectively and many of the successful business people I was meeting said they had attended and found it extremely worthwhile. So although I really hated the idea of speaking in front of a group, I decided to give it a try. The folks in the group I attended were great----welcoming and supportive and yet I dreaded going. I found the process of coming up with a topic and composing a

speech very helpful, but those table-topics (spontaneous speeches) sent me into a tail-spin. After many months I dropped out knowing I would return when my ability to be less self-conscious caught up with my desire to communicate more effectively.

I am pleased to say I have started up again. It has been a wonderful experience. For me, getting my 'feet wet' before has made it so much easier this time around. I know what to expect and I have a better sense of what I want to get out of it.

I strongly encourage you each of you to think of some 'challenging' activity and give it a shot. You don't have to stick with it, if it isn't what you expected. Every time we step out

of our comfort zone, we open the door to all kinds of new opportunities and experiences.

Take the ballroom dance class,  
 Buy the bicycle,  
 Sign up for that volunteer opportunity.....

## Where did the Summer Go?

If it wasn't for 'tax-free school day' to mark the end of the summer that never was, those of us without school age children would have been shocked to see the school buses on the road shortly.

Summer always seems to rush by all too quickly, but this year it didn't seem to really arrive! No matter...what is, is. And that said isn't it time you got some chores done around the house to get ready for fall and winter? VIP HomeKeep- ing belongs to a great business networking group and would be happy to recom- mend a whole task force of great service businesses to help you get your house in order.

Don't hesitate to give us a call at 336-998-7894 or our 24 hr. Google # 336-525-1248 and we will give you the name and number for a plethora of helpful folks. Some of the services include lawn care and landscaping, A/C and heating, pest control, computer services, health supplements, home security and of course those ever- needed all around handyman tasks.
